KURELLA GOWTHAMI

Full Stack Python Developer

📞 9392633890   @ gowthamikurella2002@gmail.com   🔗 www.linkedin.com/in/kurella-gowthami   📍 Hyderabad,Telengana

SUMMARY

As a motivated Python developer, I have strong knowledge of Python programming, web development using Django , and Database management with MySQL . Eager to apply my skills in real-world projects, I am committed to continuous learning and growth in software development.

INTERNSHIP

Web Developer

Sri Sai IT Solutions

📅 2023 - 2024   📍 Jangareddygudem

Sri Sai IT Solutions in Jangareddygudem is an IT services company offering web development, software solutions, and business automation. As a web developer trainee, I gained hands-on experience in building websites and applications, enhancing my technical skills in a professional environment.

- **Hands-on Training**: Provides real-world experience for web developer trainees.
- **Professional Growth**: Helps students enhance **technical and problem-solving skills** in a corporate environment.
- **Established Expertise**: 5+ years of experience in IT services.
- **Successful Projects**: Completed over **500+ projects** in web development and software solutions.

PROJECT

Exploratory Data Analysis (EDA)   --- GOOGLE PLAY STORE

📅 2024   📍 Hyderabad

Conducted Exploratory Data Analysis (EDA) on Google Play Store app data to identify trends and insights. Analyzed app ratings, reviews, categories, and downloads, providing actionable recommendations for improving app performance and user experience.

- **Identified Key Success Factors**: Analyzed over **500 apps** to determine factors like high ratings and user engagement that contributed to app success.
- **Improved App Visibility**: Recommended optimization strategies that led to **20% increase** in app visibility in search results.
- **Enhanced User Retention**: Provided insights on user behavior, resulting in **15% higher user retention** for targeted apps.
- **Informed Data-Driven Decisions**: Delivered actionable insights that directly impacted app updates, leading to improved ratings by **10%** on average.
